	③ They move with the water.	4 They resemble higher land plants.					
Tex	ct 2 (Items 25 – 28)						
TI so th as	In the nineteenth century, many people accepted as scientifically valid not only face-reading, or physiognomy, but also head-reading, or phrenology. The bumps on a person's cranium, they thought, revealed his or her personality; so did the shape of the mouth or the tilt of the nose. Today's thinking has it that what goes on in the brain does not depend on the face, and yet, just as astrology continues to flourish in a scientific world, so too does "phys/phren", as the combination has come to be called, remain with us in the 1980's.						
25.	What is the main topic of the passag 1) Physiognomy 3) Astrology	ge? ② Phrenology ④ "Phys/phren"					
26.	Physiognomy can best be described	as a					
	1 branch of astrology

27.	7. Phrenology can best be described as a method of					
	1) healing bumps on the head					
	2 preventing severe and recurring nosebleeds					
	③ curing diseases that enter the body through the mouth					
	4 analyzing character by the bumps on the skull					
28.	8. The tone of the passage can best be described as					
	1 negative	2 objective				
	③ prophetic	4 frightening
